

CMEMS datasets licence

The licence terms below describe how to acknowledge CMEMS products and are an excerpt from the [Copernicus Marine Open Data Licence](#).

2.4 Copernicus Marine Environment Monitoring Service Credits shall be clearly visible on the home page of the Licensee's website or at least on the page allowing to access to the products, in the recommended form below:

(a) The Licensee will ensure that **value added products or derivative works** developed from Copernicus Marine Service Products including pictures – shall credit the Copernicus Marine Service by explicitly making mention of the originator (Copernicus Marine Environment Monitoring Service) in the following manner:

“Generated using E.U. Copernicus Marine Service Information”

(b) The Licensee will ensure that **in case of redistribution** of Copernicus Marine Service products or documents, including pictures – shall credit the Copernicus Marine Service by explicitly making mention of the originator (Copernicus Marine Environment Monitoring Service) in the following manner:

“E.U. Copernicus Marine Service Information”

(c) **In case of any publication**, the Licensee will ensure credit the Copernicus Marine Service in the following manner:

“This study has been conducted using E.U. Copernicus Marine Service Information”
