

ECMWF DATA STORE

Terms of use of the ECMWF Data Store

The European Centre for Medium-Range Weather Forecasts (ECMWF) owns and operates ECMWF Data Store (ECDS). Access to the ECDS and all its Content is regulated by these Terms of Use.

For avoidance of doubt, by accessing the ECDS, the ECDS user agrees to be bound to all terms and conditions provided in these Terms of Use. If an ECDS user is agreeing to these Terms of Use on behalf of an organisation, company or other legal entity, such ECDS user represents that they have the legal authority to bind that organisation, company or legal entity to these Terms of Use. To the same effect, the use of one account to access ECDS by a number of ECDS users constitutes an agreement with these Terms of Use by each one of these different ECDS users and the obligations of an ECDS user as outlined hereto are applicable to each one of these different ECDS users.

These Terms of Use are in addition to any terms and conditions associated with the use of the respective data, associated products and services.

These Terms of Use are complemented by the [ECMWF Data Protection and Privacy Statement](#), unless otherwise expressly stipulated herein.

Article (1) Description of Products and Services

The ECDS contains geophysical and other information and data sets (“**Products**”) and applications for users (“**Services**”), jointly referred to as “**Content**”.

Article (2) Registration

Download of Content requires prior registration. To register, ECDS users will have to enter the following details: name and surname, a valid email account, and their country of residence and the sector in which users work. Users may choose to enter the organisation they represent. Please note that an ECDS user can be a person or an entity. The registration – and with it any license accepted thereunder - only applies to its named holder. Any ECDS user can only have one account.

Article (3) Access

Access to ECDS is available from [ECMWF Data Store launcher page](#).

The ECDS or any of its Content may be unavailable from time to time for scheduled maintenance or due to unforeseen circumstances.

Article (4) Licenses

Content accessible through the ECDS may only be used under the terms of the license attributed to it, as updated from time to time by the licensors.

Article (5) No Endorsement

No ECDS user may publicly represent or imply that ECMWF and/or the respective data provider and/or any other third-party copyright holder/contributor of the data or the software used is participating in, or has sponsored, approved or endorsed the manner or purpose of the use or reproduction of any of the Content.

Article (6) Right to Modification

ECMWF reserves the right to modify these Terms of Use at any time. Any revised Terms of Use will be posted on the ECDS website. Modifications shall take effect immediately following posting of the revised Terms of Use.

Article (7) Discontinuation and Termination

ECMWF reserves the right to monitor and screen on-going aggregate activity deemed to be incompliant with these Terms of Use or otherwise unacceptable or inappropriate, be it for legal, security or other reasons.

ECMWF reserves the right, at any time, to modify or discontinue, temporarily or permanently, the Content as well as any means of accessing or utilizing it at its sole discretion with or without prior notice to ECDS users.

ECMWF may at its sole discretion, under any circumstances, for any or no reason and with or without prior notice to ECDS users, suspend or terminate any user's access to the Content, particularly in cases of violation of these Terms of Use or any of the applicable license terms.

Article (8) Liability and Warranties

Other than in cases of intentional or grossly negligent breaches of duty by its staff or representatives or claims resting on an injury to life, body or health, neither ECMWF nor the respective data provider, nor any other third-party copyright holder/contributor of the data or the software used shall be responsible or liable to any user of the ECDS for any loss or damage of any sort incurred in connection with the use of the ECDS.

ECMWF and/or the respective data provider, and/or any other third-party copyright holder/contributor of the data or the software used shall not be responsible or liable for the accuracy, usefulness or availability of any Content.

Any Content made available for download or use through or within the ECDS is supplied "as is" without further warranties of any kind, either express or implied, including, but not limited to, the quality, performance, merchantability or fitness for a particular use or purpose. Subject to the aforesaid, neither ECMWF nor the respective data provider, nor any other third-party copyright holder/contributor of the data or the software used shall be liable for any damages, including but not limited to direct, indirect, special, incidental, punitive, exemplary or consequential damages (including, but not limited to, procurement of substitute goods or services; loss of use, data, or profits; or business interruption) however caused and on any theory of liability, whether in contract, strict liability, or tort (including negligence or otherwise), arising out of the use of or the inability to use the Content, even if advised of the possibility of such damage.

Neither ECMWF nor the respective data provider, nor any other third-party copyright holder/contributor of the data or the software used shall be liable and accept no representation or responsibility for the functionality or contents of external websites, services or software products hyperlinked from the ECDS.

ECMWF and the respective data provider, and any other third-party copyright holder/contributor of the data or the software used disclaim all warranties related to the provision of Content through the ECDS.

ECDS user is liable for the consequences of any violation of these Terms of Use.

Article (9) Privileges and Immunities

Nothing in or relating to these Terms of Use shall be deemed a waiver of any of the privileges and immunities of ECMWF in conformity with their respective Protocols on the Privileges and Immunities.

Article (10) Dispute Settlement

Any dispute between ECMWF and interested parties arising out of or relating to the access to or use of the ECDS or its Content shall be resolved amicably by negotiation. If the dispute cannot be so settled, it shall be finally settled under the Rules of Arbitration of the International Chamber of Commerce by three arbitrators appointed in accordance with the said rules; sitting in London, England. The proceedings shall be in the English language. The right of appeal by either party to any national courts on a question of law arising in the course of any arbitral proceedings or out of an award made in any arbitral proceedings is hereby agreed to be excluded.

Article (11) Protection of Personal Data

[ECMWF Data Protection and Privacy Statement](#) applies to all personal data provided by the ECDS user in order to register and use the ECDS.

Article (12) Severability

If any provision of these Terms of Use is for any reason held to be invalid, illegal or otherwise unenforceable, such unenforceability does not affect any other provision; the Terms of Use are then to be construed as if they had never contained the provision(s) in question and are to be interpreted, in so far as possible, in such a way as to maintain their original intent.
